

Frett Barrington Ltd is proud to be a sponsor of the annual American Lung Association's *Lung Walk*. The annual 5k walk, which draws over 700 participants each year, takes place at the Milwaukee County Zoo.

Proceeds from the Lung Walk benefit the American Lung Association's mission to save lives by improving lung health and preventing lung disease.

For 2007 and 2008, Frett Barrington's sponsored team, "Kate's Peak Flow Patrol", raised over \$13,000 for the American Lung Association's mission. In 2009 we raised an additional \$3,125. The entire 2009 Lung Walk raised nearly \$90,000.

We encourage you to support the ALA through generous contributions, or by forming your own team next year. Additional information can be found at the [Lung Walk web site](#).
